\*Rates are subject to change.

## Appointment Day

Please bring the following with you:

- ✓ Health card
- ✓ List of current medications
- ✓ Please bring your routine home medications, which will be required during your clinic visit
- ✓ You may bring one support person to stay during your treatment
- ✓ Lunch is not provided so bring a bagged lunch and drink if coming for a lengthy stay (this is especially important for Diabetics)

## Expected length of stay

### Short Treatments

Treatments such as Phlebotomies and IV antibiotics can range from 30 minutes to 1 hour

### Long Treatments

Treatments, such as IVIG, transfusions and iron infusions, can range from 4-8 hours.

## Prior to appointment

### For Blood Product Transfusion

(i.e. blood, platelets):

- Type and screen must be done 48 - 96 hours prior to transfusion

### For Therapeutic Phlebotomy

- Blood work arranged by your physician or nurse practitioner must be completed 2 weeks prior to procedure
- Eat breakfast and drink extra fluids the morning of procedure

***Please arrange your own transportation to and from your appointment.***

Quinte Health is a reduced scent environment. Please refrain from wearing scented products to the hospital.
