

# Prince Edward County Memorial Hospital – Family and Emergency Medicine

Quinte Health Prince Edward County Memorial Hospital (PECMH) is seeking additional family medicine physicians with an interest in emergency medicine. Coverage is provided to both services by an engaged rural group of 23 physicians from the Prince Edward Family Health Team. Your hospital (emergency and inpatient) work will be combined with a full FHO spot, as well as practice-sharing opportunities with pending FHO spots. Short- and long-term locum work is also available.

Physicians who join the FHO will maintain an office practice in Prince Edward County (Picton or Wellington), provide coverage to inpatients at PECMH and are strongly encouraged to provide coverage in the emergency department at PECMH.

Physicians can enjoy comprehensive medicine in a rural setting. The PECMH 24-hour Emergency Department has over 13,200 visits annually and there are 18 inpatient beds. The team includes highly trained and skilled nurses and support staff. ER mentorship with senior physicians is available and ER work is paid through an AFP. PECMH also has specialty clinics and an endoscopy suite. Plans for a new hospital are underway.

PECMH is supported by a secondary level hospital in Belleville, approximately 30 minutes away. Belleville General Hospital offers access to an MRI and CT scanner and 24-hour support from internal medicine, intensive care, general surgery, orthopaedics, urology, pediatrics, anesthesia, obstetrics and gynaecology, psychiatry, otolaryngology, and radiology. Tertiary care centres are located in Kingston, Toronto and Oshawa.

Applicants must hold Canadian Citizenship and be licensed or eligible for license to practice in Ontario with accreditation in Family Medicine by The College of Physicians of Canada (CCFP). Supervision may be available.

The FHO group is very collegial and supportive of new grads. Many in the group teach medical students and family medicine residents from Queen's University and University of Ottawa.

There are many flexible options to explore and if you **join the FHO**, you may qualify for a competitive **financial incentive**.

FHO physicians lead the innovative Prince Edward Family Health Team which provides enhanced primary care programs including mental health, the maternal infant child program, diabetes education, the coordinated care program for our elderly population, cardiac rehab, palliative care and numerous others. We have regular access to numerous visiting specialists. Visit [www.pefht.ca](http://www.pefht.ca) to learn more about all the programs.

The County offers a harmonized balance of rural small-town charm and urban-inspired lifestyle. It is an Ontario gem with a thriving wine, craft beef and culinary scene, inspired by rich agricultural root. Long known for its unique and breathtaking white sand beaches, in and around Sandbanks Provincial Park, The County also boasts a booming entrepreneurial community with an abundance of year-round natural and cultural attractions. The County offers something for everyone! For more information about County Docs and Prince Edward County, visit: [www.countydocs.ca](http://www.countydocs.ca)

## Quinte Health

Quinte Health has 1,800 staff members and 320 medical staff who provide a wide range of high quality health care services to a region of 160,000 residents. Care is provided through four hospitals – Belleville General Hospital, North Hastings Hospital, Prince Edward County Memorial Hospital and Trenton Memorial Hospitals – and includes four emergency departments, operating rooms at three sites, inpatient services (including acute medicine, intensive care, obstetrics, paediatrics, mental health, complex continuing care, rehabilitation and surgery), a rehabilitation day hospital, children's treatment centre, ambulatory care clinics, community mental health programs, and a range of diagnostic services.

The Quinte area is in south-eastern Ontario. Our hospitals are located in Belleville, Picton, Quinte West (includes Trenton and Brighton), and Bancroft. The area includes some of the most diverse and beautiful countryside in Ontario. From the lakes of Bancroft down to the wine country, picturesque towns, and Sandbanks beach of Prince Edward County, and through the more urban Belleville/Quinte West/Brighton corridor alongside Lake Ontario, almost every lifestyle interest can be found within the communities served by Quinte Health. The region offers an excellent quality of life, wonderful schools as well as quality local theatre, shopping and restaurants. The region is conveniently located along the highway 401 corridor, and is approximately two hours from Toronto and three hours from Montreal.

If you are interested in joining our team, please contact:
